

THE LITTLE YEGGS' NIGHT AT WORK AFTER LONG CHASE

Police and Pinkertons Catch Burglar Band Robbing Brooklyn Shoe Store.

The "Five Little Yeggs"—the "Goose," "Little Jake," "Take the Painter," "Meyer," "Hodowits" and "Diamond" Cohen—were all rounded up in one grand sweep early to-day and for a time, at least, the profession of safe rapping will be deprived of its most distinguished artists.

The early morning coup followed long weeks of weary trailing by detectives and Pinkertons and the capture of the band in all cases of the same kind. The band was the "Five Little Yeggs" and the "Goose" Cohen, who is the expert mechanic of the band, was the one who was the most active in the band. The band was the "Five Little Yeggs" and the "Goose" Cohen, who is the expert mechanic of the band, was the one who was the most active in the band.

Months past a series of startling robberies, for the most part in the line of the second and third floors of the stores, were being committed in the city. The band was the "Five Little Yeggs" and the "Goose" Cohen, who is the expert mechanic of the band, was the one who was the most active in the band.

For a time the detectives groped in the blind alleys of the underworld without a ray of light, and then came the useful tip, direct from the inner circles of the "yegg" profession. The "Five Little Yeggs" were sticking no tight "on their lay," and were so exclusive about let-

ting anybody else "in on the sugar," that they had offended the gentlemen of the press and the public. The band was the "Five Little Yeggs" and the "Goose" Cohen, who is the expert mechanic of the band, was the one who was the most active in the band.

On Nov. 1, Hodowits, "Little Jake" Weiss, "Diamond" Cohen, Sol Schmidt, otherwise "the Goose" and the "Greenhorn," were trailed to Hastings-on-the-Hudson by two department detectives and three of the Pinkerton men. Hodowits, who is the expert mechanic of the band, was the one who was the most active in the band.

F. J. GOULD WILL SELL ALL HIS HOLDINGS HERE AND LIVE IN EUROPE

Missouri Pacific Negotiating for His International and Great Northern Stock.

Preparatory to making his permanent home in Europe, Frank J. Gould is negotiating with the Missouri Pacific for the sale of his entire holdings in International and Great Northern preferred and common stock, and it is probable that the deal will be carried out within the next six weeks.

Mr. Gould inherited some of his holdings from his father's estate and later bought in the open market sufficient shares to control the property. Several years ago he reorganized it and it has since become one of the most prosperous of the small southwestern railroads.

Recapitulation proceedings and the subsequent reorganization were conducted under Mr. Gould's immediate supervision and he has since been active in the management.

President Bush of the Missouri Pa-

cidic Railway recommended yesterday to the Board of Directors that it was advisable to obtain an option on Frank J. Gould's holdings as well as those of the Gould estate. The Missouri Pacific is no longer absolutely controlled by the Goulds. They retain a large amount of their holdings, but the property is managed in the interest of

This wonderful fruit laxative acts as a liver and bowel cleanser—tonic—not as an irritant. Its action is natural and gentle—no griping. It is delicious—no drugging. It is positive and prompt—no waiting.

If your stomach is sour and filled with vile gases, your head aches, or you are bilious, nervous, dizzy, half sick, your tongue coated, your thirty feet of bowels clogged with waste not properly carried off—don't wait. Surely take a teaspoonful of delicious Syrup of Figs to-night, and in the morning all constipated waste, sour bile, gases and poisons will move on out of the system, gently but thoroughly—no griping—no nausea—no weakness. In the old days people let

these matters run until they needed a large dose of physic, then they took something severe, like castor oil, salts or cathartics, that meant abuse to the bowels. These are the days of the gentle and natural—the days of Syrup of Figs. This way you are not drugging yourself. Syrup of Figs being composed entirely of lucious figs, senna and aromatics, can not cause injury.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company on the label. This is the genuine—old reliable. Any other so-called Fig Syrup is an imitation, often meant to deceive you. Refuse such with contempt.

Speyer & Co. and John D. Rockefeller, as well as in that of the Gould family. Blair & Co. also have a large interest in it.

All these have assented to Mr. Bush's proposition, with the reservation that the physical and financial condition shall prove to be what has been claimed for it by the Goulds.

To Neglect This Great Sale Is to Pay Twice Too Much for Your Clothes

There's not the slightest excuse for any man in New York—or anywhere near New York—neglecting this chance to save half in clothes. It isn't as though values alone were the attractions. Though the recent receivership is responsible for prices that represent half actual worth. New York has never known wider assortments, finer fabrics, richer colorings, better styles than are being displayed at each one of the Hackett-Carhart stores today. Moreover, there isn't a single garment in any one of the stocks but what is backed with the Hackett-Carhart guarantee of "satisfaction, or money refunded." Many months ago the stocks here today

Tea With the Mask Off

The Government's new tea test when applied will reveal the smallest trace of color or facing on black or green tea.

Evidently tea would not require a Government tea test if all tea were what it should be.

What good does a tea test do unless you know how to make the test at home for yourself?

There has never been a justifiable reason for doctoring tea with gypsum, Prussian blue or any other form of artificial color or facing. Its flavor is not improved by such treatment.
